Kellon,

Any idea if there has been progress on adding funds to the ASPECT task order for the ITC response? I haven't heard much since this email. We will be out of these funds after today's flight and are thinking they should consider releasing the crew if no longer needed.

Kellon,

I went ahead and drafted a new IGCE based on the extension of the mission through to Sunday. Let me know if you need something more. The SOW stays the same since we did not specify the length of time for the deployment originally.
